Miscellaneous

1. GET-IT-DONE is a valuable tool for reporting many City issues. This form of reporting helps the issue get referred to the correct department to address. I encourage everyone to become familiar with GET-IT-DONE which is available on the City homepage at www.sandiego.gov or available as an application for smartphones.
2. Tierrasanta Sports Field Lighting Phase II work has completed. The sports field irrigation was suspended several times to allow the field to dry. A crane and other heavy equipment had to access the new light pole by driving on the grass. Precautions were taken to prevent unnecessary damage to the turf areas. With water, fertilizer, and some time the field will recover nicely.
3. Engineered Wood Fiber (wood chips) were blown in at Roadrunner Park and Tierrasanta Community Park. The playground areas are now full and safe.
4. FY20 Budget discussion is the main topic for The Tierrasanta Open Space Committee meeting on November 7, 2018.
